

# Mrs. McClellan's Classroom Happenings

\*\*\*\*\*

Welcome to our first issue of our class newsletter. Look for it each Monday on green (froggy) paper. We are off to a hopping, great start as we begin our third week of school. We continue to work on paying attention, listening in class and staying on task. These are important skills that students will need throughout their time in school. This week hopefully will see a break in the very warm temperatures that we have had this August. I am sure that everyone is looking forward to the Labor Day break.

## WHAT'S HAPPENING \*\*\*\*\*

**Reading:** This week we continue with Week 2 Getting Started in our SRA Imagine It Series.
